

OCEAN QUEST TRAINING COURSE COSTS – WEST COAST

Ocean Quest now offers a range of SCUBA courses from it's Bonne Bay satellite facility. Course prices are the same as the main facility on the Avalon Peninsula but students may incur an additional logistics fee if training is conducted away from Bonne Bay (ie pool rental, transportation, etc) or for reasons such as requirements for additional Dive Professionals to be present. Such fees are variable and will be quoted upon request by the facility instructor. Contact Victoria Burdett-Coutts via training.west@oceanquestcharters.com for more details.

Course prices include manual (*or online learning*) and certification fee. Open Water SCUBA Diver courses also include use of all required SCUBA equipment, except for mask, fins and snorkel. Prices do not include HST.
