

Ocean Quest WEEKLY

Rock The Boat

Top: Action on the water.
Middle: Rick and his team celebrate their win.
Bottom: Rick nails it in his signature hat!

Ocean Quest is more than a tourism operator. The company is dedicated to serving on land and on the surface, as well as below the waves. As such, Ocean Quest is proud to celebrate it's 10th year as member of the Coast Guard Auxiliary.

Those 10 years were put to good use last weekend as Rick celebrated the anniversary by placing 1st overall in the Coast Guard Auxiliary of NL 2008 Rescue Competition in Eastport.

Congrats Rick, and here's to 10 more years!

New Instructor : Joe Fowler

Ocean Quest is proud to announce a new instructor amongst their ranks.

Joe Fowler has just returned to Newfoundland, and will make a fine addition to a proud and dedicated corps of instructors at Ocean Quest. He's been diving for over 14 years all over the world, logging more than 1000 dives.

Joe will be taking on everything from Basic Open Water courses to TDI Advanced Nitrox and Deco. Joe is a fantastic addition our to our strong team of instructors and we are proud to have him on board!

Events Calender

Looking for interest in VR3 Computers. Please let John in the shop know if you are interested in purchasing a VR3 computer in the near future. If there's enough interest by the time we go to the DEMA Scuba Diving Convention in late October. We will work out a deal with the makers of the VR3 Computer. Big savings!!

<p>Ocean Quest Adventure Resort/Oxygene Newfoundland is an award winning tourism operator, scuba training facility, and dive shop. Our core philosophies are conservation, sustainability, and safety.
